DETAILED ACTION

Election/Restrictions

1. Claims 1-34 are allowable. The restriction requirement between Species I-III, as set forth in the Office action mailed on 8/9/2007, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 5-7, directed to non elected Species II/III no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Allowable Subject Matter

2. Claims 1-34 are allowed.
3. The following is an examiner's statement of reasons for allowance the prior art fails to disclose the device structure as recited in the claims. Specifically, the references of record do not

teach or fairly suggest a laminated polarizer including a first portion having a polarization degree of 99% or more at each wavelength of light for wavelengths of 420-550 nm and a second portion having a polarization degree of 99% or more at each wavelength of light for wavelengths of 550-700 nm. For these reasons claim 1 is deemed to be allowable over prior art and claims 2-35 are allowable by dependency...

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to A. Sefer whose telephone number is (571) 272-1921.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Sue Purvis can be reached on (571) 272-1236.
